

Clinical Study Summary Report (CSSR)

Document Status: Final | Version: 1.0 | Date: 01-APR-2026

1. Administrative & Study Identification

Full Study Title:	A Phase 3, Randomized, Open-label, Multicenter Clinical Study to Evaluate the Safety and Efficacy of MK-1084 in Combination With Subcutaneous Pembrolizumab and Berahyaluronidase Alfa (MK-3475A) Versus MK-3475A in Combination With Pemetrexed/Platinum (Carboplatin or Cisplatin) Chemotherapy as First-line Treatment of Participants With KRAS G12C-Mutant, Advanced or Metastatic Nonsquamous NSCLC (KANDLELIT-007)
Short Title:	A Clinical Study of MK-1084 and Other Treatments for Participants With Non-Small Cell Lung Cancer (MK-1084-007/KANDLELIT-007)
Protocol Number:	526618870625900651
NCT Number:	NCT07190248
Sponsor Name:	Merck
Investigational Product:	cisplatin
Phase:	PHASE3
Medical Monitor:	[Not Provided in Posting]

2. Study Synopsis & Rationale

2.1 Study Objective

Primary Objective:	1. Progression Free Survival (PFS) in Participants with Programmed Death-Ligand 1 (PD-L1) Tumor Proportion Score (TPS) ≥1%: PFS is defined as the time from randomization until either documented disease progression per Response Criteria in Solid Tumors Version 1.1 (RECIST 1.1) or death due to any cause, whichever occurs first. PFS as determined by blinded independent central review (BICR) will be presented.
Secondary Obj.:	1. PFS in All Participants 2. Overall Survival (OS) in Participants with PD-L1 TPS ≥1% 3. OS in Participants in All Participants

2.2 Background & Rationale

Researchers want to learn if the study medicines MK-1084 and subcutaneous (SC) pembrolizumab can be used to treat non-small cell lung cancer (NSCLC) when given together. MK-1084 is a targeted therapy for the KRAS G12C mutation.

3. Study Design & Methodology

Design Framework:	Type: INTERVENTIONAL, Phase: PHASE3, Status: RECRUITING
Target N:	675

4. Subject Selection (Eligibility Criteria)

4.1 Inclusion Criteria

Clinical Study Summary Report (CSSR)

Document Status: Final | Version: 1.0 | Date: 01-APR-2026

The main inclusion criteria include but are not limited to the following:

- * Has nonsquamous NSCLC (Stage IIIB, Stage IIIC) not eligible for curative resection or chemoradiation or Stage IV: M1a, M1b, or M1c
- * If human immunodeficiency virus (HIV) positive, must have well controlled HIV on antiretroviral therapy (ART)

4.2 Exclusion Criteria

The main exclusion criteria include but are not limited to the following:

- * Has diagnosis of small cell lung cancer or, for mixed tumors, presence of small cell elements
- * Has active inflammatory bowel disease requiring immunosuppressive medication or previous clear history of inflammatory bowel disease (e.g., Crohn's disease, ulcerative colitis, or chronic diarrhea)
- * Has uncontrolled, significant cardiovascular disease or cerebrovascular disease
- * Has a gastrointestinal disorder affecting absorption
- * Is HIV positive and has a history of Kaposi's sarcoma and/or Multicentric Castleman's Disease
- * Has received prior systemic anticancer therapy for their advanced or metastatic NSCLC
- * Has known additional malignancy that is progressing or has required active treatment within the past 3 years
- * Has known active central nervous system (CNS) metastases and/or carcinomatous meningitis
- * Has active autoimmune disease that has required systemic treatment in the past 2 years
- * History of (noninfectious) pneumonitis/interstitial lung disease that required steroids or has current pneumonitis/interstitial lung disease
- * Has active infection requiring systemic therapy except those specified by protocol
- * Has history of stem cell/solid organ transplant
- * Has not adequately recovered from major surgery or has ongoing surgical complications

11. Study Identifiers & Governance

Primary ID:	526618870625900651
Registry Number:	NCT07190248
Sponsor:	Merck
Study Title:	A Clinical Study of MK-1084 and Other Treatments for Participants With Non-Small Cell Lung Cancer (MK-1084-007/KANDLELIT-007)

15. Sign-off & Approval

Principal Investigator: _____	Date: _____
Clinical Operations Lead: _____	Date: _____
Lead Statistician: _____	Date: _____
